

Keep an Eye on Your Home

Breakthrough Innovation in Security

Image Sensor

Provides a Picture for Visual Verification and Peace of Mind

Finally, a simple to use, affordable solution to see what's going on when you're away.

- ✓ Quickly identify intruders or detect false alarm incidents
- ✓ See who is coming through your front door
- ✓ Check on maintenance personnel, housekeepers or babysitters
- ✓ Keep an eye on specific areas like the office, liquor cabinet or storage room
- ✓ Stay in touch with free mobile apps and image alerts via text or emails
- ✓ Compact and completely wireless for easy installation almost anywhere

With our Interactive Security Solutions, you benefit from:

- A secure system that isn't susceptible to power or broadband outages
- Reliable and secure alarm signaling to your monitoring center
- Always on tracking of activity whether the security system is activated or not
- Convenient web-based remote monitoring and control of any activity
- Integrated, single service for interactive security, video, energy management and home automation
- An easy to use, customizable service that fits your lifestyle

Property Awareness is More Affordable Than Ever

The Image Sensor, powered by Alarm.com, is a compact, all-in-one device that combines a traditional motion sensor, an integrated still camera, and interactive controls so you can see what's happening at your home when you're not there.

Simple to use and highly affordable, Image Sensors can be placed in any room and will take pictures day and night.

Interactive Remote Controls:

- Set rules to capture images during alarm events
- Receive text or email image alerts
- Peek-in anytime through our free mobile apps
- Easily view a searchable library of your saved images

Image Sensor Features:

- Advanced motion detector with pet immunity
- On-board camera for motion-activated image capture
- Night Vision LED flash captures images in the dark
- Completely wireless and battery operated with no wires to run

The Image Sensor
Instant Awareness...Peace of Mind

powered by  **ALARM.COM**®

How it Works

**Senses Motion &
Captures Image**

**Sends an Instant Alert that an
Image Has Been Uploaded**

**Provides a Picture for Visual
Verification and Peace of Mind**
